

River iGaming hits the Swedish Market with BankID Casino!

Malta 10.05.2019

Following the success of our Finnish launch last year, we are happy to announce that we've entered a regulated market and we've gone live in Sweden with our SGA compliant product; [Casonic](#)

[Casonic](#) offers Instant Deposit & Fast deposit & cashout options through BankID and a Supersonic Welcome Bonus. It is available on desktop and mobile and it runs on our Grizzly Platform.

"We've witnessed other iGaming businesses enter this strictly regulated market and be successful in their venture, whereas others have unfortunately not been quite as lucky. So, we've treaded the side of certainty here and ensured we put out a product that's fully compliant and one that meets our players' demands." Says CEO Kent Staahle.

"River iGaming is persistent in pushing what we know the Swedish market wants when it comes to online entertainment, and we do this seamlessly. It's down to the key people we have in place, they help create our vision." he continues.

"Operating in this highly regulated and competitive market supports our plans in the River iGaming roadmap. We hit the United Kingdom a few weeks back with VegasCasino, and we're hitting again today with Sweden and Casonic, there's definitely more coming up in the future."

Heading the project for RGO; Pierrick Leveque is excited and says that *"River iGaming hits a new milestone with the launch of Casonic in the Swedish market. With instant deposits and withdrawals, and of course a super-fast desktop and mobile interface. Not only will Casonic will bring added entertainment value to Swedish players, but they can enjoy classic games and new releases from some of the best studios around."*
